## Baked Alaska

### Time To Change The Temperature

An island in the South Pacific has a problem. It's hollow.

Anxiety levels are rising in a North American boardroom. Eve's garden is

bursting with next door's rubbish. Even

the ducks have relocated... they're in

Bangladesh. From the four corners of the

earth come colourful, inter-connecting

stories of humanity living with the wild,

unpredictable effects of climate change.

Scientists, farmers, oil magnates, climate

warriors, prophets, mothers, journalists

and others just like you and me – we're

all in the mix and hungry for a recipe of

hope. In the struggle over power, some

sound the warming bell, some blow hot

and cold, while others make a pudding of

the planet. Vivid, sharp and deliciously

entertaining, *BAKED ALASKA* serves up

the realities of climate change with flair

and clarity about the temperatures

involved In the high-energy, 'seriously

funny' style for which Riding Lights is

well known, *BAKED ALASKA* is

something we can all look forward to...

unless we do something about it. Extra-

ordinary theatre for these extraordinary

times. *written by Paul Burbridge and*

*Jonathan Bidgood* **All Saints**
